

The City of Garland Customer Assistance Program

Many different circumstances can create financial hardship and make paying your City of Garland utility bill difficult. If you are experiencing a temporary hardship, we can help.

There is help available through our City of Garland Customer Assistance Program (CAP). CAP is a partnership of the City and local service agencies to help during times of temporary hardship. The funds are administered and distributed to qualified citizens by these agencies.

For more information about CAP, contact the local agencies listed on this page directly or call Customer Service at 972-205-2671.
